**Watch everyone clutch their race programs and wildly cheer for their favorite horses!**

## How it Works:

### Before The Event:

You send us thirty names of people that you or your clients know will be in attendance and would like for them to be "Horse Owners". You can also name the horses.

There are six beautifully animated horses in each race. Our professional announcer goes into the studio and does a voice-over of the races using those names- horses and "Horse Owners" - on the DVD.

We also produce a custom race program and, if a company event, can even put your logo on the front.

### At The Event:

As guests enter they will each receive a custom race program. They will simply take their program to one of the "Wagering Windows". The widow staff will have them select one horse in each race. If their horse wins they will go back to the window and receive a prize drawing ticket. The more winners they pick, the more tickets they will have in for the prize drawing!

Increase the energy level even more! Announce that you are going to distribute more prize drawing tickets to those who are among the best cheering fans.

Dance music is played between the races for those who want to dance or those who just want to enjoy the high energy of the event, which heightens the excitement even more! Many meeting and party planners love to include a Derby Hat Contest. What a festive sight!
